

Neuro-Developmental Treatment/Bobath

An Introductory Course in the Management and Treatment of Adults with Hemiplegia

Instructor: Cathy Hazzard, B.Sc. P.T., MBA, C/NDT

June 5-7, 2015

4255 Laurel St. Vancouver, B.C. (G.F. Strong Rehab Centre)

COURSE DESCRIPTION

This interdisciplinary course is designed to give participants basic knowledge about NDT and how it is applied in clinical practice to promote recovery of function following neurological damage. Lab practice and patient demonstration will be emphasized in the learning process. Information will be presented in a cross-functional manner to incorporate all rehabilitation disciplines and practice settings.

OBJECTIVES

Course participants will be able to:

- Understand basic treatment concepts of NDT
- Identify major impairments in the adult hemiplegic patient
- Analyze normal and abnormal movement in functional activities
- Utilize knowledge of NDT for making treatment choices related to impairments and activities

SPEAKER

Cathy Hazzard is a Physiotherapist with over 25 years experience working with adults with varied neurological diagnoses. Her clinical background also includes experience and continuing education courses in manual therapy and orthopedics. She obtained an MBA in 1993 while continuing to work as a PT. She has been an NDTA™ Coordinator Instructor in Adult Hemiplegia since 1998 and has taught introductory, certificate and advanced level NDT courses extensively throughout North America and internationally in such countries as Ireland, Hong Kong, Singapore, Estonia, Peru, Colombia, and Mexico. Cathy practiced in Calgary for over 20 years in the acute, rehabilitation and outpatient phases of care. She is now working in private practice and Home Health on Vancouver Island. Cathy served as the Chair of the NDTA™'s Instructor Group from 2002 - 2005 and a member of the Board of Directors of NDTA™ from 2003 - 2007. She has written 2 articles for the Neurosciences Division's journal, *Synapse*, of the Canadian Physiotherapy Association and an article for the NDTA™'s *Network*. She is one of 5 editors for the next NDTA book - currently in publication.
